INSTRUCTIONS

1. GROUP CODE : Represents code corresponding to each group name.
2. GROUP NAME : Detail classification name for parts.
3. COMPONENTS : The components of an assembly are identified by a bracket.
4. NO. : Reference numbers are assigned to parts in the figure.
5. BLANK PART NUMBER : Part not available. When you order this part, please order by assembly.
6. REMARKS : Dimensions and other special items.
7. SERIAL NUMBER : Identification number for each tractor.
8. INTERCHANGEABILITY : Indicates the interchangeability of parts due to design change.

Indicates that a new part can be used instead of an old part when you order this part, please order new part(E5700-73382).

Indicates that either parts can be used.

~4265-99999
5265-00001~

Indicates that a part has a serial number break.
When you order this part, please order a part according to the serial number of the tractor

For tractors before serial number 4265-9999, the following parts must be replace together: REF NO. 01,02,03 (PAGE)

9. This parts list is for following purposes. When ordering parts, check with this parts list to confirm the part Number and the name of parts. When making repairs, refer to the illustrations in this parts list.
   This parts list is subject to change without notice. Due to our policy of continuously improving products, The information contained herein is subject to change with out notice.
10. The specifications of each model are partially different for the below tractor when you order a spare parts, you have to order it according to each country.
